## [CRAWL NARRATION]

Jeremy C: The period of civil war has ended. The rebels have defeated the evil galactic monarchy and established the harmonious federated Alliance. Now, Ambassador Pleck Decksetter and his intrepid crew travel the farthest reaches of the galaxy to explore astounding new worlds, discover their heroic destinies and to meet weird bug creatures and stuff. This is Mission to Zyxx.

Pleck 01:21 Oh man guys, we finally did it.

C-53 01:24 Ambassador Decksetter if I may say kudos to a successful mission Yeah, you

01:28 know, we really great job. I mean, love do

Pleck 01:31 I think they really did you know, I feel like I was on today. That is the first time I have been party to the ticker tape. Right? That was super fun. There was all the confetti and they laughed at your joke. Yeah, the one about the DeLorean in the floor. And it was wild. I'm still working on what the punchline is gonna be.

C-53 01:49 Most importantly, Ambassador Decksetter we secured mining rights from the Federated,

Pleck 01:54 man. Yeah, that's true. I really just feel like it's I feel like I know what took man I could just feel like all the time, you know, just like going out going to a planet telling people like, Hey, we're here for you. They're like, yeah, we just get on the ship and like So long everybody they're like, yeah,

02:10 I mean, that's all conjecture, right? But what do you mean? I mean, we don't actually know how successful Turk Manik it is

C-53 02:18 the most successful ambassador in the Federation. I imagine his life is like that every day.

Pleck 02:24 Wow. I mean, have you seen tiny toots tiny tubes is one of the most formidable ships in the galaxy. What the second most formidable ship? Oh, sorry, I

02:36 will. I'm the only person who can say tiny to snake you realize that right? I want to bring back bad memories.

C-53 02:43 Okay, all right. Yeah.

Pleck 02:47 Listen, buddy. I didn't mean to serve any bad memories. I was just trying to compare myself to like an ambassador who's really knows what he's doing, which is

C-53 02:55 rare. Ambassador texting. I have an incoming transmission from You and your missions Operations Manager Nermut Bundaloy.

03:03 Hey Nermut Hey,

03:08 man, it just feels good, right?

Pleck 03:10 Yeah, feels great.

03:11 Yeah, well, Pleck I'm to your pocket. Show him the paperwork.

Pleck 03:14 Yep. Yeah. Okay, here. We got this treaty that we signed.

03:18 Yeah, hold it up. Yep.

C-53 03:22 digitizing to you now.

Pleck 03:25 And check this out. The King of the planet gave me this little

03:30 guy as a gift.

03:33 Oh, excuse me.

03:35 It's like a little pet for the ship. I have

Pleck 03:38 a female. Oh, I am so sorry. Did I call you a guy earlier? Yeah, that's okay. That happens to me a lot. Okay, well, this, this is

03:52 a wiffle.

Pleck 03:54 Oh, well, great. So yeah, when they came gave us

03:58 What are you talking Why do you

04:01 hear what you're saying?

C-53 04:03 investor Tech Center whistles reproduce at an exponential rate. This ship could be full of fools inside of 20 minutes Now there is another workflow. No, no,

04:15 Mr. Decksetter. This is not the way to come off a successful mission. It was a gift. It was a gift.

04:22 You don't want me

04:27 to be at a trouble.

Pleck 04:28 Listen with what is your name? Your name is poof poof. That is very cute. Poof. Listen. Nermut What can we just get this?

04:39 Are you flirting with me? No, no, no,

04:42 no. Can we just keep her for just a little bit? I'm gonna disconnect. figure this out. Okay, that's all I have to say. I've got a couple little nippers of booze. I'm gonna just celebrate this victory but defers

04:54 those small bottles of booze. It looks like you're holding a full bottle.

04:58 Well, maybe it's 19 inches.

Pleck 05:04 Oh man, thanks.

05:06 Nice to meet you. Bye.

05:19 Say something right now right here. Yeah, let me just say this one thing. Okay. One thing that tiny toots did to me again, say that day, okay, you do not say that name. After we will, let's just say quote unquote, together. I was full of liberals, okay? They took over every part of my body because those little people they made, they made like crazy. So if I see two, and if I hit two, two into four, I'm going to check you out of the ship, stop putting so much pressure on me.

05:52 There's no pressure on you to really reproduce.

C-53 05:56 It would actually be our preference. If you just

05:59 take it little time for myself right now. Sure. Okay. It's just my mom said it's time for you to leave the nest.

06:07 Oh,

Pleck 06:09 are you so you're like you're getting pressure from your parents to like, Florida at home. Oh, I'm sorry. Are you

06:19 400?

C-53 06:21 That's middle aged.

Pleck 06:22 Yeah, you're 400 years old.

06:24 Yeah. Wow. This is

C-53 06:26 part of the problem with us reproduce very fast, but live very long.

06:30 Can you imagine being single for 400 years?

06:33 I bet Pleck could Yeah,

Pleck 06:35 I know. I could pretty I pretty much I'm on my well on my way. Oh, it feels like 400 years. Honestly. I'll

06:41 be about it. Yeah,

Pleck 06:42 I mean, is he poof gets me guys. I

06:45 have to go to one more birthday party for their little lift.

Pleck 06:49 Right? Yeah.

C-53 06:51 Where you're 400 years old, but still live with your parents.

06:57 So hi.

C-53 06:59 Sure. Sure, that's a problem. Yeah.

07:02 Yeah. I mean, Pleck was still living with his parents before

07:05 he took this job. Oh my gosh.

Pleck 07:07 Yeah, I know. I know. They told me I needed to get out. Yeah, so I did was he don't and now we have a lot in common. I

07:15 never had a connection like this with anybody before. Oh, that's

Pleck 07:18 great. Well, you know, I am glad we're gonna get married.

07:22 I don't know if it's spatial. And I don't know. I don't know. soulmates?

C-53 07:28 Oh, this is an optimal situation. If you enter into an exclusive relationship with poof, she will decline to meet with another workflow should she encounter? I don't know. It's safe to say I feel like feel weird leading her on could carry it through.

Pleck 07:46 That's not what I meant. I just can't imagine myself being able to like be with like a ball of fur to organic beings. What's the difference? Are you serious?

C-53 07:55 I mean, a little bit.

Pleck 07:57 I'm just saying like, I don't feel it's Feels like a weird thing to act like I want to do. It's nothing personal poof like, you don't have any eyes. Oh, no. Oh, boy.

C-53 08:15 Immediately.

Pleck 08:17 I just don't know if I could ever have a relationship with like, I mean, poof is literally a ball of fur like a featureless ball of fur. I don't think that I can

08:27 you know, you could use support.

Pleck 08:30 Dead poof It's nothing personal. I just feel like I'm

08:37 winning when you're on Ranga six and had a dating profile. You're the type of DeLorean that specified that you were only looking for a certain type of species.

Pleck 08:48 Yeah, I mean, I guess I guess I was pretty specious skin here. I mean, no, I feel like I feel like I've grown a little bit since I left planet cuz I before I left Ranga six. I'd only ever met other turians And like, you know, horses and stuff, but now right the horses that you shoot her I personally did not shoot them. It's just an unrealistic fine

C-53 09:09 with the idea

09:12 when you agreed, yes, I guess in

09:14 the grander sense I was complicit Well,

09:16 I guess I dodged a literal bullet.

Pleck 09:19 I would never shoot the horse. I just don't know how he would treat over to the broken leg. He never did that.

09:26 Does anyone here treat? I have a small rash. I have this bald patch here. And then it's real scaly under there. Yeah.

09:38 Yeah, there's a smell. There's a smell.

C-53 09:40 Maybe I'll lift the scales.

09:43 Really get in there and take a look at it.

09:44 Oh,

C-53 09:46 wow. I can confirm it. 30 times magnification. This is very unsettling

Pleck 09:52 projecting now No, you didn't need to do that. You didn't need to do that.

09:55 Oh

09:58 wow. Honestly. Now I'm going to it. Okay.

10:03 macaroni

Pleck 10:07 What is that?

C-53 10:08 Does anybody hear that? Yeah, there's something working its way out of your pocket.

Pleck 10:13 Oh, yeah, I should have told you they gave me two. I was gonna keep one because I just liked having it around.

C-53 10:20 A male with a

Pleck 10:23 different color, I assume. I don't know if that's a  
C-53 10:27 blue.  
10:27 Yeah, it's blue.  
C-53 10:30 Male, wiffle.  
10:31 Yeah, that's me. Hey, what's up? My name is fluff.  
Pleck 10:36 Pay fluff. This is proof. Do you guys know each other?  
10:40 Hey, hey, what's up?  
10:44 Hey, Hey, hi.  
10:47 I'm fine. I have gas  
C-53 10:53 to get started.  
Pleck 10:56 Already. Yeah,  
10:58 that's how they don't like it. rejection but it is very interesting.  
11:03 Your I like your for banks.  
11:07 Some of them are pugs Oh,  
11:11 really? I have a patch  
11:14 Okay, well yeah it's I tried the spray for a while and  
11:20 Oh yeah. Spray oh my god yeah  
11:25 really females never usually have those that's repellent  
Pleck 11:32 53 Can I can I talk to you? Should we be worried about these two waffles?  
C-53 11:37 Absolutely. Let's discuss what might be the most humane way to inject them into  
spout now that we've injected we could we don't need to reject them in the  
space or just having absolutely need to inject them into space if they start  
procreating. The ship will be for 15 minutes. 15 minutes. Allow me to show you  
an exponential chart with growth No,

Pleck 11:59 I mean named understand the idea of an exponential curve. Hey,

12:02 are we over here whispering about how plucking these waffles are? What do you mean?

12:09 They're just so awkward and they keep saying things that just turn each other off?

C-53 12:14 Yes, they're continuing blowing all the goodwill

12:18 whispering in this corner?

12:19 Yes, you

12:20 are. Are you seeing what I'm saying? I knew I was gonna

12:23 let them be ejected but I honestly I don't see anything happening right? I know. I mean when she did the total. Okay, and then she countered with an even

12:35 I guess it let's just see how it plays out. I shouldn't have

12:40 to worry.

12:44 You guys, we had a thing for a little while, but it didn't really seem to work.

12:48 Um, I mean, that's fine. I've got a very strong male. You know, like a lot of male friends.

12:54 Oh, yeah. I have no friends, but I have to pay

13:00 I actually don't have any friends. I was just kind of thought that if I countered with male friends you might think that I was an alpha widow of some sort. Yeah.

Pleck 13:13 Dark Can I talk to you guys for a second? Yeah,

13:15 yeah,

Pleck 13:16 guys, listen, you know what? Honestly, I'm a little bit offended by your conviction that these two aren't going to make it together. So I will

C-53 13:26 bet you that these two will not get together

13:31 I'll bet you the next two

Pleck 13:32 weeks of my salary Yeah, well that's what I'm saying. I'm gonna try to make it work with these two because I refuse to believe that there is plucky as you said they Oh wow.

13:42 A plaque trying to help to Plex and get it together.

C-53 13:47 Be anything luckier

Pleck 13:49 Oh, I'm rooting for him Okay, I'm rooting for him and I'm rooting for myself you know by proxy Of course

13:55 around them. I get I get it all this wager. I'm gonna just wait. Oh my god.

Pleck 14:00 Like the show this is not going to happen. We don't please

14:03 don't pay your gas

14:04 project play complex meeting in a public place, but the times play well.

14:11 So proof of are you familiar with the nebula Chronicles?

14:14 Are you kidding? Yeah, are you kidding me right now? I have pictures literally every single signing. What's your favorite character?

14:22 How much? Well, everybody knows that brunch is actually one of those. No, it's one of the lamest characters. Oh, Kings. Oh, Juan is actually the best character. Anybody with half a brain? No, me.

14:34 No, you're actually not a real fan. Everyone know you're

14:37 a real fan. You're actually

14:38 really the worst character. He's like the worst player. Yeah, he's all ego the worst. He has nothing to him.

14:45 Anyway, now, wait, honestly, you

14:47 just seem like every other blue. You know what I mean? Like, every single blue is like, oh, as a kid. I want to be like the king is like, well,

14:55 what's wrong with me? I'm just trying to find a hot pink that will take care of me.

15:00 Okay

15:04 fluff

15:05 black Come on what I just want a hot shapely like it's like just a super round pink.

15:11 But yeah like so rounded

15:14 ovals are fine ovals are fine

Pleck 15:19 Don't overshadow but what

15:21 I want is like love you

C-53 15:22 are also blue you

15:27 see when I watch you you're cooling everything but I want I want to I want to pink this IQ I want to pick this like perfectly round you know, she's like just totally like that's an

Pleck 15:37 I heard like better than realistic. She like

15:40 cares for me and like takes care of me

15:43 honestly, like Pink's don't even look like that in real life.

15:46 You know? No, but the pinks and the nebula Chronicles are entirely

15:52 based on it's based

15:54 on true lore that a real fan

15:55 you understand that this is

15:57 real to you. How dare you

16:00 You're a fake fan. Ah, you're not real.

16:04 Are you gonna call me son of a gore? Yeah, how typical for a pig, pig,

16:09 pig and Easter

16:10 always coming at me. You know what? I don't need you please. splaining Okay,

16:16 round little pink, but also small somehow,

16:20 you know, you look briefly at all like the other blues.

16:22 I'm incredibly bristly. No, you're not you're down

16:27 to three. I talk to you privately really quickly.

Pleck 16:29 Can I come? No.

16:32 Okay, now I think it's building to a hate juck situation. It's gonna defuse that. I do not want to lose my salary to

C-53 16:44 12 crews assume

16:46 I can help out guys. I'm in the circle too. I can make it really cold. Really cold, the temperature was cold. People do not want to jump regardless of how to deal with

C-53 16:55 people just when it's very cold. Just

17:00 No barge we gotta seek like Pleck.

17:03 Hey, Pleck. It doesn't look like it's gone so hot over there. Why don't you? Why

17:09 don't you help them out?

Pleck 17:10 Yeah, thank you. I think I will.

17:12 Yeah, poof, man just

17:14 get me all riled up.

17:16 I wouldn't jack you with

17:18 her flip flops. Oh, yeah, you wouldn't check me. I bet we would jacket.

Pleck 17:21 Hey guys, guys, listen, we gotta stop fighting. We gotta stop fighting each other because you're never gonna you're never gonna realize how perfect you are for each other. If you keep all this back and forth,

17:31 I think jack

17:32 What? The checkers? you talking about? This? No, no, we're not. We're just mad at each other. Yeah. Okay, we're not perfect for each other. No,

17:41 I mean, just because we like all the same stuff.

17:43 Yeah, like,

17:45 I want a pink that's like,

17:48 wow, I get that. So I live with my parents. You live with your

17:52 parent. We both live there. So not a big deal. So

17:55 a big deal

Pleck 17:56 is How old are you?

18:00 420 years old

18:03 420

18:05 How old are you?

18:07 400 the perfect

18:08 pink is like 180 because it's just like

18:12 that roundness an 80 year old pink is barely even a fully formed before. See Peter, can

18:18 I can I talk to you for a second?

18:20 Fine, honestly I'm hearing I'm just gonna intrude on

Pleck 18:23 totally amazing except Hey guys, I think it's going pretty well over there that with those two I think you guys should get ready to lose those kroons

C-53 18:33 Are you still pursuing this? Yes. Well, a few crew I mean, imagine if you will, having no room aboard the Burj Miriam Jade for anything but with holes. And when I say room, I mean the interior of your lungs. Inhaling.

Pleck 18:48 Well, you know what, it's a matter of principle at this point. Okay, because you guys said that to Plex couldn't make it work together. And I'm going to be the pluck that comes in and makes it work. Okay because Pleck can fall in Love. Okay, Pleck can be happy. So I'm gonna prove you guys wrong. And I'm going to be right.

C-53 19:05 I think you will derive small satisfaction from being correct. When you were choking on a wiffle, this entered wind.

19:13 So what do you even mean? You're talking about blue privilege? Do you know what I mean? Like, what are you even talking about?

19:18 Like as the blue? You have things that pink? I don't think that's true.

19:24 You know what I mean? I think

19:26 purples if purples and pinks wanted it, they could get it. You know? I mean, I think that

19:30 that's the that's the thing. Like if you were sitting at the front of a of him heart, right? If you were sitting in front of him always, if

19:37 you're trying to throw

19:38 a piece of paper at the front wall, right? If you're sitting in the front row, it'd be easier, right? If you sit in the back, right, you just don't realize you're sitting in the front row nuts background.

19:48 You know, I've never thought about it that way. You know, Jamie,

19:52 you know, I really appreciate you having this honest discourse with me,

19:57 where you're being open and receptive.

Pleck 20:00 Want to butt in here real quick What's going on? Yeah,

20:03 no would you just shut up go away just

20:05 go

Pleck 20:06 I'm sorry I'm sorry

20:11 I don't even know where we never

20:16 thought we had a moment but yeah. here

20:22 because I have rash

20:24 yeah see, I'm sorry I already have. I'm already like seen another wiffle.

C-53 20:29 She lives on.

20:31 She lives on

20:31 carnac oh yeah I'm sure you know she lives

20:36 with Longhorn oh she lives on cornet but she's like

20:38 super round and right

20:41 i'm sure 200 years old,

C-53 20:42 you know

20:46 three to one it's taking too long.

20:52 Yeah, there's no

20:55 okay, there's no there is no window. I

20:56 don't have a friend. Don't have a mate.

21:00 There's a lot of pressure to be blue and

21:03 be honest. I

21:05 haven't um this is embarrassing I haven't reproduced the fight with anybody.

21:15 Really? Yeah I totally have released so much oh

21:20 yeah I guess most walls have I just had

21:22 I know I've I I totally filled a sector with all my progeny you know, it's crazy.

21:28 A whole sector. Yeah. whole sector. That seems that's not

21:32 why saying you don't have to lie to me. If you don't want to

21:39 reproduce, never reproduce.

C-53 21:42 The bastard has never reproduced over.

21:47 A virgin.

Pleck 21:48 Yeah, yeah, I mean, that's nothing to be ashamed of.

21:52 Like we're both getting there and talk about being a virgin Come on

21:55 boof, and I are both I would say

Pleck 21:57 ashamed of being If I suppose to be, I'm feeling like I'm taking my time and that's fine by me. You know? Hey,

22:06 let me give you a little advice. Okay? Okay, Love Is it real? What? It's a fake thing oh boy raised by I don't know an old wizard. If I learned anything from my time with tiny tubes, it's just go for it put your thing into another person things have no regrets. At the end of the day, we're all gonna die. Right?

Pleck 22:26 Well, that is a that's an intense philosophy.

22:32 I mean, I will say that you the reference that you made to the nebula Chronicles earlier was very accurate.

22:40 And I'll admit that it was pretty impressive. That you immediately know about the king and also that you

22:51 can I just thought

Pleck 22:53 I would like to let you know that this is going pretty well. I think burgees little pep talk did some good I think I'm gonna win this bet

C-53 23:03 Decksetter dingus

23:07 if you

C-53 23:08 win the bet the ship is full of with false

23:11 I'll say just real quick saying what I just said. I was just saying cuz it's natural to me but I'm realizing All right,

23:17 all right Bargie we get it Plex provoked to you by bringing up tiny tubes so many times.

Pleck 23:22 Okay guys, I admit it. I was I went to the mat on this one just on principle. I take it back, bets off. Let's call these guys off and then we can get back to you can you can call it off Yeah, no

24:06 Attention Attention. This is rebel leader Cecil gunda with a vital communication. Support for the rebellion against the lemo federated Alliance comes from Hello Fresh. Pleck 25:23 poof thank you for understanding that we had to just bring you back to this planet. It wasn't anything personal, you know, it's not you, it's us. It's us and our tiny little ship and we just couldn't hold all of your 30,000 kits.

25:36 I understand. You know, well, if it

25:38 were up to me, you'd be on the ship for the rest of the missions written you know for

25:43 you have strong feelings for me. or

25:46 special differences. Totally. Totally. That's part

25:49 of it. Listen, what we had is over and I need you to accept it right now.

25:54 Okay,

25:54 okay. Yeah, no progeny now.

25:56 Yeah, I need you to not stand between our

Pleck 25:59 yeah I'm broken up about a month I am setting you free. You know if you really, if you really say it. Yeah, I mean if if you really love someone, you set them free and that sort of like situation. I'm just saying that that could be

26:13 you. You're upset with

26:14 me. Yeah, I

Pleck 26:16 totally totally. But anyway, thanks for understanding. I will see you. Maybe later embrace me. I don't think I don't know. Okay. Yep. All right. Goodbye. Bye. floof

26:28 Bye. That's not my name.

Pleck 26:30 Bye. Poof. Take care. Okay. Well, that wasn't so bad, right guys? Huh? Not too bad. Everybody's safe. We got all the whistles off the ship. Everybody's happy.

26:49 Okay,

Pleck 26:51 well, I will say, even if you're going to talk to me, you got to fork over those croons buds. See 53 dar Okay, you know what? You can just tell me that's fine, but I will say that we figured it out everybody's fine. I mean, I guess they're probably on the planet reproducing right now, which is I mean, kind of not our problem at this point. So mining rights, right guys well, you know what I you know what, fine, keep the money. It doesn't matter. I can sleep better knowing that I was right. And it just I needed a win you know, I just needed a win today

27:30 who had 34 seconds at night one dog you're

27:33 so good

27:34 at this energy. Yeah. What? We all put a bed in to see how long it would take you before you realize that the silent treatment was going to crush you from the inside and you would give us back all of our money.

Pleck 27:46 And I won. You won. Yeah. Would you win? A coming

27:50 message from Nermut door Bala door

Pleck 27:58 Hey, what's up, nerds. dork bowler aka dork.

28:05 planet of coal. Yeah, I heard

28:07 that guess what I'm holding in my hand here.

28:11 What's your hand has to be in frame? Sorry.

28:17 Not anything. Yeah, exactly. You know what should be in my hand? The mining rights agreement which has now been cancelled. Why? Why? Because you return 30,002 whistles to the planet. Is that a lot? Apparently they gave you those whistles to get rid of them. And now they've ripped up the mining agreement. So they hated us. They hate you. Now they hate all lions. They hated us before

C-53 28:44 even to get off the plane.

28:47 This makes so much sense. They didn't find his joke. Funny. They were faking it.

C-53 28:55 This checks out. Oh

28:56 gosh, I was I've been thinking about that all day.

C-53 29:00 What's the difference between a tillery? And a florist isn't an inherently funny statement?

29:05 The answer is just a long list of attributes.

Pleck 29:08 Yeah, but some of those attributes are funny. Well, onwards and upwards, I guess. Yeah. Okay.

29:13 So we have some other some other paperwork, we actually have a

Pleck 29:18 nother mission.

29:19 No, we have, as you may know, a lot of the ambassadors teams get lots of mail and walk by the mail room mail, and there's a lot of mail in the missions, operations managers spend a lot of time reading fan mail to the to the teams and we have received anything. No, that's what I'm saying. We got our first fan letter. That's what I'm saying. What? Yeah, this came into our crew, admission to fix dot space email address. Oh, yeah. Yeah, email, email, electronic mail.

29:49 I know what email is.

31:29 that is a really good question or explaining

C-53 31:33 to refer to Ambassador Decksetter by a certain form of dress because we are on the same level of federated hierarchy. However, admissions Operations Manager Nermut Benoit, you reside one rank above me therefore it is only proper that I refer to you both with complete title and name address

31:53 that Okay, so just sorry, say that all again. I'm gonna write it down.

Pleck 31:56 No Benjamin's in it's probably fine.

C-53 31:59 transcribe When I say
