[theme music plays]

**Justin:**

Ugh.

**Travis:**

[laughs]

**Griffin:**

[laughs] No, that's good.

**Justin:**

That's how we're starting.

**Travis:**

This is a great, great beginning for you, Justin.

**Justin:**

I don't wanna do this. I just don't. I don't think it's a good idea. I'm...  
Brothers together for advising—

**Griffin:**

[laughs]

**Justin:**

Telling people what—

**Griffin:**

Tell them our setup.

**Justin:**

Tell them what they don't... What up?

**Griffin:**

We got a guerrilla setup.

**Justin:**

Three of us are around a mic and we're so close. It's despicable, like, it's gross.

**Griffin:**

[laughs]

**Justin:**

I can feel, I can feel Griffin's whiskers on my cheek.

**Griffin:**

There's an odd number of us, I think we should—

**Justin:**

You're too far, you gotta come close.

**Griffin:**

I think we should—

**Justin:**

We gotta... I say this because we only have one mic, so I know for a fact you have to get close.

**Griffin:**

We gotta take a vote. If we should continue this show or if we should just abort it.

**Justin:**

When would we do it if we aborted it?

**Griffin:**

Um, we'll figure out another time.

**Travis:**

I support our right to choose.

**Griffin:**

All right.

**Justin:**

So advice, right? What's the story with that?

**Travis:**

Is that, is that how we're beginning the episode? That's the beginning of the episode?

**Justin:**

Yeah, that's how it begins. Advice, what's the story with that? What is the story?

**Travis:**

What's the dealio?

**Justin:**

What's the dealio?

**Griffin:**

Hit us with some queries.

**Justin:**

"Hey there, MBMBaM, my boyfriend has been struggling with an addiction to internet porn for a long time. Neither he nor I like this issue that he has to deal with and would rather him get over it as soon as possible. What can I do to help? What are your suggestions to him? Thanks, Tennery." What? Tennery? All right, we'll let it, we'll allow it.

**Travis:**

Um, lemme see if I get this straight. Your— your— your BF, your boyfriend, is addicted to internet porn.

**Griffin:**

Can you be addicted to—

**Travis:**

No. That is not a thing that happens. Addiction is a physical thing.

**Griffin:**

There it is.

**Travis:**

Um, so he really likes internet porn. How do you stop that?

**Justin:**

Get it, um, we lived without the internet for thousands of years. Just cancel it.

**Travis:**

Yeah. Just get it sexy.

**Griffin:**

Cancel—

**Justin:**

Wait, just, what?

**Travis:**

I'm just saying, if she's asking for a way to help, she needs to get it sexy.

**Griffin:**

So she needs to—

**Justin:**

I don't know what getting it sexy—

**Griffin:**

This is Tennery's, this is Tennery's fault.

**Travis:**

Yeah. Tennery needs to sex it up, she needs to replace internet porn.

**Justin:**

What— what— what hum... Have you seen the internet? What, like, the things those people are willing to do are just despicable. How— how could a regular woman ho— hope to live up to that?

**Travis:**

Well, I guess the real question is how much do you love your boyfriend? Do you love your boyfriend enough to foot crush some stuff?

**Justin:**

I'm talking about, like, the difference between love and just physical, like, just laws.

**Griffin:**

[laughs]

**Justin:**

You can't be as big as the internet, you can't be as sexy as... Internet's on 24/7, it's available for you, it's gonna cater to whatever bizarre desire you want.

**Griffin:**

The internet is like a sex hydra, right?

**Travis:**

[laughs]

**Griffin:**

It's a sex hydra, you can cut off its heads, but another one's just gonna spring right back into place.

**Justin:**

Yeah. Uh, so, I would say cancel your internet. 'Cause it's the only way, you gotta keep him from the internet, 'cause the internet is pretty much just porn these days.

**Travis:**

Or maybe it's something you two could share together. Watch that internet porn together. Make it a magical moment.

**Griffin:**

No, it's—

**Justin:**

No, no. That's, like, weird.

**Griffin:**

It's creepy. It's creepy.

**Justin:**

It's weird.

**Griffin:**

Maybe you need to cancel your boyfriend. Justin, you're pushing me.

**Justin:**

You're not—

**Griffin:**

You cancel your—

**Justin:**

We got the mic. We got one mic, do you remember? One mic?

**Griffin:**

How are my levels?

**Travis:**

One mic, one love.

**Griffin:**

I think my levels look pretty tight, but I'm sayin' [coughs] real good. Cancel— cancel that, cancel that boyfriend.

**Justin:**

"I'm a chubby guy and I've never been in a relationship... Well, that's half true. I've not, it's not that I have a problem talking to bitches or anything. It just—"

**Griffin:**

[laughs]

**Justin:**

Well there's your problem right there. You gotta stop calling them bitches. No, he didn't call them bitches. That's gross. "It's just the only problem is the only girls I find attractive are out of my league and can never work up the courage to actually ask them out." Oh, let me help you out with this, man. Lower them standards.

**Griffin:**

[laughs]

**Travis:**

[laughs]

**Justin:**

You got them too high. You're reaching for dust bunnies on the ceiling, we got shit under your couch that needs to be dealt with.

**Griffin:**

[laughs]

**Justin:**

Lower that standard.

**Travis:**

There's no such thing as outta your league, bro. Um—

**Justin:**

Yeah, except there is. Be... Uh, uh, wait, wait. Let me correct you. There's no such thing as out of your league, if you're hugely, physically attractive.

**Travis:**

[laughs]

**Griffin:**

[laughs]

**Justin:**

'Cause then, anything is within your reach. Um, I would say your problem is, you're getting intimidated 'cause you don't have the skills yet. You're trying to friggin' knock one outta the park when you should just be trying to pick up a grounder.

**Travis:**

You know, everyone wants to buy that Corvette, first car out—

**Justin:**

Yeah.

**Travis:**

But you just don't have the capital for that, man. You're gonna need to get that used Kia.

**Justin:**

Yeah, you don't have the juice.

**Griffin:**

You consider hopping on that Atkins diet train?

**Justin:**

Get that Atkins.

**Griffin:**

Hit that ketosis, drop about fitty.

**Justin:**

Get your ket—

**Griffin:**

Get your keto, drop about fitty in a week and then you pick up a fly hunnie, and then you start eating your breads and your pastas again—

**Justin:**

Balloon—

**Griffin:**

And then—

**Travis:**

Then you balloon right up.

**Griffin:**

And you're like, "Too late, you're already with this."

**Justin:**

Lady confusion. She'll never know what's hitting her.

**Travis:**

She'll never know what's fuckin' hitting her.

**Griffin:**

Hey, uh, Yahoo Answers user Charlie asks, "Christians, if we could discover aliens, should we share the gospel with them? Does Jesus love aliens, too?"

**Travis:**

That's deep.

**Justin:**

I would think that it takes so much energy to love people—

**Travis:**

[laughs]

**Justin:**

That, like, he's gotta have an outlet and the outlet is probably hating people from other planets.

**Griffin:**

[laughs]

**Travis:**

[laughs] I love everyone on Earth, but everywhere else, fuck them.

**Griffin:**

Well, do you— you remember, um, Independence Day? Right, the end of Independence Day.

**Justin:**

Right.

**Griffin:**

Right? When, uh, Will Smith, he fired the nuke, but it didn't go off until a miracle happened.

**Justin:**

Uh huh (affirmative).

**Griffin:**

And then it blew up the mothership and saving the planet.

**Travis:**

Uh huh. And that, the miracle was Randy Quaid.

**Griffin:**

That miracle was Jesus' love. Blowing up aliens.

**Travis:**

Through Randy Quaid?

**Griffin:**

Through Randy Quaid. Randy Quaid wasn't in that film.

**Travis:**

Yes, he was.

**Justin:**

Yeah, he was. You're too young to remember, 'cause you just remember him as a hero.

**Travis:**

'Cause you're a child.

**Justin:**

You've replaced him in your mind's eye with Jesus.

**Griffin:**

Wasn't that Dennis Quaid? [laughs]

**Justin:**

No, it was Randy.

**Griffin:**

[laughs]

**Travis:**

[laughs]

**Justin:**

He does hate, he does hate people from other planets, but, um, I, at the, uh, millennial Jesus convention he always covers it up. For, like, he doesn't tell Mars Jesus that he hates—

**Travis:**

[laughs]

**Justin:**

Martians.

**Travis:**

So it's a franchise, right?

**Justin:**

Yeah.

**Travis:**

'Cause I've always assumed that's how it works.

**Justin:**

It's the Jesus franchise.

**Griffin:**

Jupiter Jesus is my new stage name, by the way.

**Travis:**

[laughs]

**Justin:**

You should have been there, you should have been there when they excommunicated Pluto Jesus.

**Travis:**

[laughs]

**Griffin:**

[laughs]

**Justin:**

[laughs] It was crazy.

**Griffin:**

No— no Jesuses for moons. Get outta here.

**Travis:**

[laughs]

**Justin:**

Moons.

**Griffin:**

Moon Jesus. Pluto Jesus is also my favorite Eddie Murphy movie.

**Justin:**

[laughs]

**Travis:**

[laughs]

**Justin:**

This summer, [laughs] Eddie Murphy is Pluto Jesus. "I work as a lead at a coffee house. How can I best impress the virtue of cleaning up after oneself on my coworkers and boss?"

**Griffin:**

I still don't, I don't understand—

**Travis:**

Hey, you're not the boss. Don't fucking worry about it.

**Justin:**

[laughs] Don't worry about your boss, let him do his thing. Your coworkers just, the first time they accidentally leave trash around, pick it up and throw it at their face. Probably when they're busy.

**Travis:**

Slash a couple tires and that shit changes around real quick.

**Griffin:**

Just be careful that you don't get murdered [laughs].

**Travis:**

[laughs]

**Justin:**

Wow, man. Yeah, don't get murdered. Seriously.

**Griffin:**

There's a callback to last week's show. It's okay, it was a long time ago. It's been a long week.

**Justin:**

Um, just don't get murdered. "The 21st of June will be my birthday. Looking for advice on how to kick it like a McElroy. Any suggestions for drinking out of children's beach toys... would be much obliged as I am only turning 19."

**Griffin:**

[laughs]

**Travis:**

[laughs]

**Justin:**

James. James, 19 years old. That's a rough age because you're not an adult anymore... I mean, you're still an adult, but you're not turning into an adult and you're still two years away from any practical upshot. Um, even 20 is cool, 'cause you're in your 20s. Uh, so I guess I'm saying is keep it on silent.

**Griffin:**

Just do it, but do it undercover.

**Travis:**

Just... Oh, I thought you were saying, like, sit at home by yourself, eat a cupcake—

**Justin:**

Keep it quiet—

**Griffin:**

No, no, no.

**Travis:**

Blow out an unlit candle.

**Justin:**

Don't bother people with it, man.

**Travis:**

[laughs]

**Griffin:**

[laughs]

**Travis:**

Keep your shit, man. Nobody cares, call us in a year.

**Justin:**

It's, uh, it's just, keep it quiet.

**Travis:**

[laughs]

**Griffin:**

So, you're not suggesting he practice some surreptitious flaskmanship—

**Justin:**

No, no. Because—

**Griffin:**

You're saying just— just take a chill pill.

**Justin:**

Everybody's first question's gonna be like, "How old?" And you're gonna be like, "20, 19," and they'll be like...

**Travis:**

What did you do?

**Justin:**

"Oh, okay. Well, not a big deal, but I guess."

**Travis:**

You can vote.

**Griffin:**

19 wasn't a great year. So have fun, James.

**Travis:**

You did it.

**Griffin:**

Enjoy it.

**Justin:**

Yeah, enjoy it. Drink it in. Drink it deep. Um, "I haven't been for a checkup in years and decided it's about that time. The only problem is, I really like, dislike the idea of another guy touching my wiener. What—"

**Griffin:**

[laughs]

**Travis:**

[laughs]

**Justin:**

"Whatever the context. Will I come across as some degenerate if I ask, specifically, for a female doctor? Is it normal for a guy to outright refuse to have a male doctor in a wiener—related circumstance?"

**Griffin:**

Dog, I— I feel so, completely the opposite on this subject that I only want a dude touching my wiener when it comes to—

**Justin:**

What if you have a female doctor and she chuckles? What if there's a chuckle?

**Travis:**

I made the decision, when I went in, that he was gonna be just as uncomfortable as I am. Like, if I'm gonna be uncomfortable in this situation, guess what, brah. So are you. Put your finger in my butt hole.

**Justin:**

Yeah. Try to use the phrase "get it" as much as possible.

**Travis:**

[laughs]

**Griffin:**

[laughs]

**Justin:**

So, like, "Get it. Yeah."

**Travis:**

Or, "Just like that. I like that—"

**Justin:**

Just like that [laughs]. Just like that.

**Griffin:**

One finger? That's all you can get in there?

**Travis:**

[laughs]

**Justin:**

[laughs]

**Griffin:**

Is that all you got?

**Justin:**

Sometimes you can distract yourself from feeling awkward by making someone else feel worse.

**Travis:**

[laughs]

**Griffin:**

[laughs]

**Justin:**

I mean, more awkward.

**Travis:**

[laughs] Or just worse. Just insult them, while they're down there holding your wiener, just say, "By the way, your haircut is ugly."

**Griffin:**

So, go into the office fully erect, is basically what you're saying and don't ever address it. Be like, "This? This is, oh, this is off, for me."

**Justin:**

Yeah. My—

**Travis:**

[laughs] This is my flaccid.

**Justin:**

Why don't you try to remember he's trying to keep you from having prostate cancer, you— you— you terrible, terrible, selfish person? Uh, the worst, he's not even gonna touch your wiener. Worst-case scenario, he's gonna cup them balls.

**Travis:**

[laughs]

**Griffin:**

[laughs]

**Justin:**

It's not a biggie. No big.

**Griffin:**

Juice that nut. Uh, Yahoo Answers user, Tesorrio, asks, "Ho do my nipples hurt?"

**Travis:**

[laughs] Could you spell that, please?

**Griffin:**

Ho do my nipples hurt? I think that's supposed to be, "How do my nipples hurt?" And not, like, some sort of archaic, like—

**Travis:**

[laughs]

**Griffin:**

"Ho! Do my nipples hurt?" "Uh, I went swimming today at the lake, while we were in the water for, like, an hour or so and my nipples started hurting after an hour. Why is that? I was wearing a T-shirt. They really hurt, like, they sting. What can I do to make it stop?"

**Justin:**

It's the T-shirt, man. They... Your nipples are sensitive, uh, some people say they're the most sensitive organ on your body. And— and you got a wet T-shirt there, they're just rubbin'.

**Griffin:**

[laughs]

**Travis:**

[laughs]

**Justin:**

Just rubbin' on them.

**Travis:**

Oh, god. They're gonna cone.

**Justin:**

Just rubbin'. Just rubbin'.

**Griffin:**

I had a, we had, remember those boogie boards we got? We went to the beach one time and got these boogie boards—

**Justin:**

Forget about it.

**Griffin:**

They had the texture of sandpaper. We would just dive in the ocean on 'em. Like, nipple-first. Like, we'd land directly on our nipples and—

**Travis:**

Funny McElroy fact, our chests are all sandpaper-smooth. Like, all, like, nipples gone, no bellybuttons. It's just a flat sheet. It's really weird. Medical mysteries.

**Justin:**

Griffin, ask a question.

**Griffin:**

I'm gonna do us two Yahoos in a row. Unprecedented.

**Travis:**

Do it.

**Griffin:**

“What is the best flavor of jelly?” [laughs]

**Travis:**

[laughs]

**Griffin:**

Not, we don't have to answer this one, but someone went on the internet with, uh, this burning question that they had to fuckin' crowdsource. What is the best flavor of jelly?

**Justin:**

The worst thing is, is he's still, I'm looking at zero answers. That means he's still stand—

**Griffin:**

Oh, let— let me refresh.

**Justin:**

Still standing at the Kroger.

**Griffin:**

Oh, there's actually 10 answers. So let's get into this.

**Travis:**

[laughs]

**Griffin:**

Strawberry. [laughs] Someone just says jelly! Jelly is the best flavor of jelly.

**Travis:**

Jelly-flavored jelly. Get that jelly.

**Griffin:**

It's just a matter of opinion. Mine is peach.

**Justin:**

[laughs] Too much—

**Griffin:**

Grape. But even better is grape jam. Pear preserves by Braswell's are awesome. Boob flavor. Get it?

**Justin:**

Nah. [laughs] Not real.

**Griffin:**

Grape and strawberry. Raspberry. I love orange marmalade, but my favorite is whatever's available for toast at the time. It depends on the person. I personally prefer grape. Boysenberry.

**Travis:**

[laughs]

**Justin:**

[laughs] What a weirdo.

**Griffin:**

How did nobody say K-Y?

**Travis:**

[laughs]

**Griffin:**

How did nobody say K-Y? As unclever and awful as these people are, nobody said K-Y.

**Justin:**

They really are the worst. And the worst is being under the illu... I don't know what's worse, that someone is curious what other people think about jelly, or that someone thinks that they're curious about what they think about jelly. Like, "I'm gonna get on here and answer this guy—"

**Travis:**

Yeah.

**Justin:**

"He needs this info."

**Griffin:**

But listen, Robbie, if you are listening, get that rose jelly. Get me some of that rose petal jelly—

**Travis:**

Oh, dear Jesus. It's delicious.

**Griffin:**

You can only get it in Britain, but it's worth the investment.

**Travis:**

It's amazing.

**Griffin:**

Smear that on your English muffin and you'll—

**Justin:**

"I have two gay brothers who—"

**Griffin:**

[laughs]

**Travis:**

[laughs]

**Justin:**

Sorry, I misread that. I misread it. "I have a gay brother whose wedding is coming up soon. I'm the best man at the wedding. I am very happy for him and wish him the best of luck. My girlfriend, who is supposed to come with me to the wedding, has expressed her dislike for gay rights and gay marriage. She's expressed her unwillingness to come to the wedding, die to her own beliefs. What the fuck do I do?" Andrew, that's a tough pup, man.

**Griffin:**

Sticky wicket.

**Justin:**

Sticky wicket.

**Travis:**

I've— I've been thinking about this and I have an idea. I'd like to play a game.

**Griffin:**

All right, fine.

**Justin:**

Okay.

**Travis:**

We're gonna play a point/counter-point game, right?

**Griffin:**

Which one am I?

**Travis:**

Justin, you are going to be pro-gay marriage. Griffin, you are going to be anti-gay marriage. Justin, go.

**Justin:**

Okay. I think gays should be married.

**Travis:**

Okay, Griffin. Go.

**Griffin:**

Um, it's yucky and it's sac... It's a union that I respect and frankly, if you—

**Justin:**

Love is real.

**Griffin:**

Well, is it real if it's two mouths, two man-mouths?

**Justin:**

Newt Gingrich has been married four time... five, seven times.

**Griffin:**

Right, but how many—

**Travis:**

Andrew, I hope that helps.

**Griffin:**

How many times did he marry men?

**Travis:**

[laughs]

**Griffin:**

How many times did his man mouth touch another man mouth?

**Justin:**

What's wrong with that? It's beautiful.

**Griffin:**

Uh, I, guys. This is role play.

**Justin:**

I've seen a lot of movies and I know the way this shake, this shakes out. Is that you, um, your brother and his free-spirited, um, husband meet your girlfriend and they enchant her with their love and convince her that she was wrong all along. I've seen *La Cage aux Folles*, I know how it goes.

**Griffin:**

Or— or it pulls a Saving Silverman and you— you kick Amanda Peet to the curb.

**Travis:**

Yeah and— and also, probably the case is, she just doesn't wanna go to the wedding 'cause going to weddings sucks. So—

**Justin:**

Yeah. Gay or straight, weddings are not—

**Griffin:**

No, gay weddings are the bomb, yo.

**Justin:**

Are they fun?

**Griffin:**

They're dope.

**Justin:**

Man, I never been to one. I gotta get down on that.

**Griffin:**

They're very brief and the catering is usually very snappy.

**Justin:**

Yeah and everyone wears briefs, which is weird.

**Travis:**

[laughs]

**Justin:**

Uh, um, uh, "My first wedding anniversary is coming up on July 21st and could use your expert advice on a cool gift for my husband. His primary hobby is gaming, but I typically stay away from buying games, as he researches and buys those for himself. He also loves our college basketball team," that's nondescript—

**Travis:**

[laughs]

**Justin:**

But I've already bought him all sorts of team—

**Travis:**

He enjoys local team.

**Justin:**

I, he enjoys local team. Uh, "all sorts of team-related paraphernalia over the years. Now, I'm at a loss, so I'm hoping that y'all can come up with a great anniversary gift for a 30-year-old guy. Any suggestions would be much appreciated. My husband is a big fan of the podcast, so a little mention on the show would be a gift all my itself. Feel free to shout out my excellent husband, Jonathan, if you're so inclined." And that's from Rebecca, so shout out to Jonathan. He, I have a perfect gift. Um, track down Tennyson's husband and get him to make you a guide to all the hot sites.

**Travis:**

[laughs]

**Griffin:**

[laughs]

**Justin:**

It's a gift that says, "Hey, I'm cool. I'm down, I know you have needs and this is a guide made especially for you."

**Griffin:**

I feel like we used up all of our good gift suggestions last week, but I'm sure that we still got some in the tank. Have you considered a home brewing kit?

**Travis:**

Oh, home brewin' it is good.

**Justin:**

Always good. Home brewing kits are, is a great idea. Um, maybe you could wait for your, uh, your beer to be done cooking as you explore all the new pornography sites that Tennyson's husband turned you on to.

**Griffin:**

Um, m— meats. Some form of meats, maybe a meat subscription.

**Travis:**

A meat of the month club. Is that a thing that exists?

**Griffin:**

Sure.

**Justin:**

It should be noted that the two of them haven't received a gift for many years, so this is largely from memory and what they've read in Charles Dickens books.

**Travis:**

Torches, buck knives? Are these things that people... Coffers.

**Justin:**

Darning wool?

**Griffin:**

[laughs]

**Travis:**

Orphans. How many orphans does he have?

**Justin:**

A bowl of calico.

**Travis:**

[laughs] Twine. Does he have, how's his twine supply?

**Justin:**

How's his lard?

**Griffin:**

How about a lesson in love? Yahoo Answers user, Anna, asks, "How do you french kiss? Well, first you need to find a partner. Then you would just kiss regularly, but you need to put your tongue in each other's mouth." There is so much more to it than that, Anna.

**Travis:**

[laughs]

**Justin:**

You know what?

**Griffin:**

Anna, there is so much more to it than that.

**Justin:**

Fuck Anna for asking how to french kiss and then explaining how to french kiss. Is it a question or an answer, Anna? Nobody's gonna wanna—

**Griffin:**

This is great. Uh, one of the answers is, "Don't suddenly put it in and wiggle it around."

**Travis:**

[laughs]

**Griffin:**

"Bud, that's a turnoff. You need to do it very gently and softly. Good advice in the link above, that's how I learned to do it." And then there's a link to a Wiki page on how to french kiss. Fuck you, internet. Fuck the internet. I had to learn that shit at 15, by myself, scared like—

**Travis:**

This is my problem with the internet. For every site that's like, "How do you make, you know, a baked potato?" It's like, oh it's really helpful. Then someone feels the need to create a page that's like, "Here's how you french

kiss." Fuck you. I don't need it. What, why is that a thing on the internet that I would ever look up?

**Justin:**

Why don't you just stop being such a sinner?

**Griffin:**

Everyone's gotta figure that shit out by themselves at age 15 and it's like going into the arena against the, an angry lion. And it's the scariest moment in your life—

**Justin:**

Yep.

**Griffin:**

And you're either gonna come out a champion, or you'll be fish mouth for the rest of your high school career.

**Travis:**

Mm-hmm.

**Justin:**

"Okay. Almost two months ago, my fiancée and I broke up after dating for five and a half years. We're, we are still living with each other..." Uh-oh. "But I will be moving out July 1st." Okay. "Within the last month, I have discovered that she has been hooking up with my best friend since childhood." That is gross.

**Travis:**

[laughs]

**Griffin:**

[laughs]

**Justin:**

"Obviously I am angry about this, since he was slated to be my best man and he was—" when this whole time, he was hers. And, uh, that was, I just extemporized that, it wasn't in the email. Um, "the first person I'd turn to for consolation after the breakup." Oh, ouch, man. "And even with my knowledge of this, he still continues to talk to her and I know that things are going to pick up more so after I move. I've tried to get past this but, in my

mind, it's very difficult. I value my friendship with both of these people.”  
Why?

**Griffin:**

[laughs]

**Travis:**

[laughs]

**Justin:**

“Very much and I don't, and I don't wanna waste my life holding grudges. I know they didn't do this with any intended malice towards me, but it's very difficult to put behind me. Any advice on how to deal with it?” Jeff, I— I gotta say man, you're already dealing with this pretty cool. I mean, like, you're deal... You seem to be dealing with this pretty maturely. Um, I, you— you're gonna feel hurt, it's gonna happen, but don't be in a rush to try to forgive them. Sometimes, no matter how much you care about people, you gotta say, “Fuck you. That's some cold shit, life.”

**Travis:**

And— and if I can play devil's advocate here, Jeff. Intended or not, this is your ex-fiancée of five and a half years and best friend since childhood. So, the malice... whether they should... That's something they probably considered and said, “Fuck it, he'll be mad.” So, there is a little bit of not-so-good feelings there. So, it's— it's perfectly normal that you're still— still dealing with it and not completely over it.

**Griffin:**

Fuck 'em, Jeff. Fuck 'em, Jeff. Get outta there.

**Justin:**

Yeah, screw them, Jeff. Move out before July 1st. July 1st, Jeff? You can get— Come stay with us.

**Griffin:**

Come, we'll put you—

**Travis:**

This is a safe place.

**Justin:**

Come stay with Griffin.

**Griffin:**

Come stay with, well I'm moving, July 1st.

**Justin:**

Perfect. The two of you are roomies. "Hey guys." Hey. "So this last year, I had my own apartment and it was where my friends and I would hang out basically all the time because it was centrally located between all of us and B, the lack of parents, 'rents, if you prefer, was nice as well. But because of grades and money, I'm moving back home with my parents in August. It's putting me closer to some of my friends, but putting me almost 20 to 30 minutes away from some others. I'm just worried our group of friends is going to fall apart without that central place to hang out. What can I and my friends, as a group, do to make sure this doesn't happen?"

**Griffin:**

You gotta find a peach pit.

**Travis:**

Hey, Ian. How 'bout you focus on your grades?

**Justin:**

Yeah.

**Travis:**

So you can move out of your parents' house and get a job?

**Griffin:**

Dude, he's, like, it sounds like he's in high school.

**Justin:**

And your peach pit, find your peach pit.

**Griffin:**

It— it sounds like he's a high schooler. That's how it—

**Justin:**

He's a high schooler with his own apartment, he's Doogie Howser.

**Griffin:**

Yeah—

**Justin:**

Listen, dumb shit, if you're not even gonna listen to the questions.

**Griffin:**

[laughs]

**Justin:**

I can't, I can't, what advice are you gonna give that's gonna be worthwhile or practical?

**Griffin:**

Find a third-party hangout location. A peach pit or a pub. A Gino's, a Gino's—

**Justin:**

A Gino's Pub and Family Fun Center.

**Griffin:**

Um—

**Justin:**

Get your, get your skeeball on.

**Griffin:**

A café... What was the one from Friends?

**Justin:**

Friends café?

**Travis:**

Central Perk.

**Justin:**

The Friends—

**Travis:**

It was Central Perk.

**Justin:**

I think the Friends café was—

**Griffin:**

What was the one from Joey?

**Travis:**

[laughs] I believe that was also Central Perk.

**Justin:**

Pentral CerK.

**Griffin:**

[laughs]

**Travis:**

[laughs]

**Justin:**

Hey, there's my friends Handler.

**Travis:**

[laughs]

**Griffin:**

Hey— hey guys, hey guys. I got a question. How you doin'? [laughs] You remember Joey? [laughs] Do you guys remember when Joey would say, like, pretty frequently, he would be like, "How you doin'?" [laughs] You remember that? You guys are trying not to laugh. I wish they could see, you're, oh you're actually trying really hard but you're smirking.

**Travis:**

[laughs]

**Justin:**

How— how you doin'? Jesus Christ.

**Travis:**

No, but seriously. How— how is everything? Fuck, oh shit.

**Griffin:**

I win.

**Justin:**

How are you doing?

**Griffin:**

Uh, you, how many more do we have?

**Justin:**

Not... Too many.

**Travis:**

Six— sixteen thousand?

**Justin:**

Too many, if you ask me.

**Griffin:**

Why don't you pick one more off this and then I'll pick my last, uh, Yahoo.

**Justin:**

I love this, I love this. Shut it down. Um, but now people are thinking about that, they're worried. We'll probably throw in a bonus one. "I just recently have braces for my teeth." What? "I just recently have braces for my teeth and I am 20 years old and, to be taken off when I am 22. Will— will— will find me less attractive for having braces?" I— I'm not gonna answer this question. I'm gonna say something. Fuck you, if you come to MBMBaM... This show is not called Hard Truths.

**Travis:**

[laughs]

**Griffin:**

[laughs]

**Justin:**

Don't make us deliver hard truths to you. You don't want some... Like, if that's all you're seek— seeking out, don't make us be those guys.

**Griffin:**

Hey, let me drop this on you. Since I'm the only McElroy who, uh, was loved enough by his parents to get them braces. Um, uh, yeah. It's gonna be rough for a while, man. [laughs] You're in for, you're in for two sexless years, entirely, but listen. Look. When you get out of it, once you make it past, once you break on through to the other side, you're gonna have that—

that fucked-up grill you've been sporting your whole life. It's gonna be straight and narrow.

**Travis:**

Let us consider the caterpillar.

**Griffin:**

Let's, no—

**Travis:**

In the— the pupa. [laughs] Is that it, it's the pupa?

**Justin:**

It's pupa.

**Griffin:**

Yeah, it's pupa.

**Travis:**

[laughs] It's pupa.

**Griffin:**

Listen, 20, 20 to 21, those years aren't that great anyway.

**Justin:**

What?

**Griffin:**

Yeah, those years were pretty miserable for me and so—

**Justin:**

Um, I'm having my first alcoholic beverage. Oh, it clinked against my braces.

**Griffin:**

[laughs]

**Travis:**

[laughs]

**Justin:**

You will have a unique life experience that not a lot of people will be able to associate with.

**Travis:**

You can open beer bottles on your teeth.

**Justin:**

If you could get that trick down, it's a, it just became a W. Um, but yeah. They, uh, will find you less attractive.

**Griffin:**

You, uh, you should less worried about the lack of female attention you'll encounter in the next two years and worry more about the lack of corn chips you'll be able to eat.

**Travis:**

[laughs]

**Griffin:**

'Cause corn chips are completely off the docket.

**Travis:**

[laughs]

**Justin:**

Maybe you'll get fit. Maybe you'll get... Here's what you gotta do, you gotta counter it. You gotta get so fit and so dope on bass guitar or something that the ladies will be able to find you irresistible.

**Griffin:**

Reinvent yourself.

**Justin:**

It's the new you. It's the new, um, well I don't know your name. But it's the new you. Um, "I've recently noticed a trend. This is Formspring again. "I've recently noticed a trend where people come up to me and seem interested." Girls come up to me, not just people—

**Travis:**

[laughs]

**Justin:**

That would be, that would be a bitter pill. "Girls come up to me and seem interested—"

**Griffin:**

"Hey—"

**Justin:**

No.

**Griffin:**

"Hey, you're looking real tight."

**Travis:**

[laughs]

**Griffin:**

What're you doing? Blastin' that core, I see.

**Travis:**

[laughs]

**Justin:**

[laughs] "But there always to be a presence of some—"

**Travis:**

[laughs]

**Justin:**

Whoa, okay. Okay.

**Travis:**

You know it's— it's French.

**Justin:**

I'm gonna let, leave this off here, 'cause it's confusing. "I've recently noticed a trend where girls will come up to me and seem interested..." What— what was that? Girls? Uh, "there will always be a presence of some ambiguous males. I'm never sure of his role but I can't ask, 'Is he your boyfriend?' Without feeling like a creep." Any advice?

**Travis:**

I wanna say, the wording on that makes it sound like the creepiest situation... "Who's that guy?"

**Justin:**

What is, what is your life like?

**Travis:**

"Don't worry, that's just Tim."

**Justin:**

How is your life, that there's just, a girl comes... What is she saying?

**Griffin:**

[laughs]

**Justin:**

Is she like, "Hi, I want you to meet my boyfriend?" Because that, like, that's got it on lockdown. But, what— what male? Who is this male?

**Griffin:**

Is it possible that he is her Harold? Maybe?

**Justin:**

Her squire?

**Travis:**

Her handler.

**Griffin:**

Maybe—

**Travis:**

He's just there in the background to make sure everything's going, you know, hunky-dory. If she says to you, in a very, you know, scary voice, "Oh, don't worry about him." You need to get outta there, bro.

**Justin:**

Yeah, you're out.

**Travis:**

This is a bad situation for you to be in.

**Justin:**

Maybe she gets off on flirting with guys and then getting her boyfriend to beat the shit out of 'em.

**Travis:**

I've seen that in movies. That's a thing that happens. Isn't it?

**Griffin:**

I don't, I don't see many movies.

**Travis:**

[laughs]

**Griffin:**

You ready?

**Justin:**

I don't know, I just—

**Griffin:**

Let's give our instructions—

**Justin:**

Wanna glimpse at it.

**Griffin:**

Let's get our instructions.

**Justin:**

No.

**Travis:**

[laughs]

**Justin:**

I don't like this one.

**Griffin:**

So this is gonna be, this— this is episode 10. It's a special one, we're doing it in the same room. And by special, I mean Justin and I both had red eye

flights and we— we, I'm, you know. We've had long ones, but I think we pulled it together. Let's see if we can stretch it out to 30, 30 whole minutes.

**Travis:**

[laughs]

**Justin:**

Okay—

**Travis:**

Whoa.

**Justin:**

Whoa. Um, so, if you want to email us, you can do so at mbmbam.com. If you want to check out our Formspring, it's formspring.me/mbmbam, I think—

**Travis:**

Mm-hmm.

**Justin:**

I don't know. Uh, all these things can be... Uh, uh, we love it when you tweet quotes from the show and use the mbmbam hashtag. That gets us out in the public eye. That's always fun. Um, if you got questions, you can ask them that way, too. Uh, and all this stuff can be found out on mbmbam.com. Um, we, uh, love it when you come by and visit, comment on the, on the show. Let us know what you thought. Review us on iTunes, um, if you wanna know where all the hot porn sites are, check out Tennery's husband. Um, he's got the scoop, the inside poop on—

**Travis:**

[laughs]

**Justin:**

On inside poop. Which is his thing.

**Griffin:**

Hey—

**Travis:**

That's a great site.

**Griffin:**

And hey, make sure, make sure you subscribe. We know you've just been downloading it piecemeal and that's not the most efficient way to get us into you. So just—

**Travis:**

[laughs]

**Griffin:**

Just get it. Get that subscription, lock it down. And then take it home and then we'll be there.

**Justin:**

Griffin, go ahead and hit us with our last question of the week.

**Griffin:**

Sure. Um—

**Justin:**

This is one to grow on, one to think about.

**Griffin:**

Um, this one comes to us from Yahoo Answers user, Chocolate Bunny, who asks, "Is it normal to urinate when you have an orgasm? Or is that urine? I really want to know if this is normal."

**Travis:**

[laughs]

**Justin:**

I'm Justin McElroy.

**Travis:**

I'm Travis McElroy.

**Griffin:**

I'm Griffin McElroy.

**Justin:**

And this has been My Brother, My Brother and Me.
